

# Nexae Service Bulletin

The Nexae Service Bulletin is a weekly service update that is published every Monday. It entails updates on global delivery routes and services times that are subject to change. Events can on a national or global scale and can lead to disruptions. Therefore, services times can vary from one week to the next,

To ensure you're up to date on all things delivery, check the Bulletin weekly so that you can find out if your customers will be affected and inform them accordingly.
